50+ PROJECTS

02 — ABOUT ME

About me

Front-end Developer with **over 15 years of experience** in web design and development. Specialised in **Vue/Nuxt 3 and React** for enterprise projects with global brands. I pair aesthetic judgement with technical rigour: **from the design in Figma to the deploy on AWS**. I fold AI (Claude Code, custom agents) into my daily workflow to get more done without giving up code quality.

03 — TECH STACK

04 — EXPERIENCE

Experience

Publicis Production (Prodigious)

2022 – Present
Madrid (Remote)

FRONT-END DEVELOPER

- Building and maintaining web applications for **McDonald's Spain** with Nuxt 3, Pinia and Tailwind CSS, in an enterprise setup with CI/CD pipelines.
- AWS infrastructure: **deploys to S3 + CloudFront**, authentication with CodeArtifact, SSR troubleshooting and environment configuration.
- Email marketing campaign build with **Adobe Campaign**, including diagnosing and fixing production errors in XML/HTML.
- AI workflows in practice: **specialised Claude Code agents** (code review, security, UX/UI design) folded into the development process.

Freelance

2008 – Present
Guadalajara / Remote

DESIGNER & FRONT-END DEVELOPER

- Design and build of **50+ web projects** for clients across sectors: legal, hospitality, health, business and digital agencies.
- Core stack: React, Tailwind CSS, semantic HTML5, SASS and GSAP for animation, with a focus on **performance and accessibility**.
- **End-to-end process**: from research and wireframing in Figma through to final delivery with testing, optimisation and post-launch support.
- Built a **PWA with Flutter Web** for Radio Arrebato (107.4 FM), including hosting migration, edge functions and push notifications.

05 — PROJECTS

Work

McDonald's España — Promos & Famous Order

NUXT 3 PINIA TAILWIND AWS S3/CLOUDFRONT PULUMI

Promotional campaign sites and the **loyalty programme** for McDonald's Spain. SSR, dynamic routing and **automated deploys**.

Radio Arrebato — PWA ↗

FLUTTER WEB DENO DEPLOY NETLIFY EDGE FUNCTIONS

Progressive web app for a community radio station: **live streaming**, podcasts, schedule and push notifications. **Full infrastructure migration**.

(https://radioarrebatoapp.net/)

Baldominos Abogados / CNG / ClickCode ↗

REACT TAILWIND FIGMA HTML5 SASS

Corporate sites with **bespoke design**, reusable components, GSAP animation and **performance work**.

(https://www.baldominosabogados.com/)

06 — AI & METHOD

AI & Process

01 **My own library of reusable Claude Code agents**: AURA (UX/UI with Figma Dev Mode MCP), a Code Reviewer with a severity taxonomy, a Cybersecurity Specialist and an SEO Specialist, among others.

02 An established workflow: HTML scaffold from the design agent, **diff-before-apply**, **one change per turn**.

03 Claude files **kept out of repos** with a global .gitignore.

04 AI across the **whole cycle**: from requirements analysis through to production code review.

07 — EDUCATION

Web Design & Front-end Development
ONGOING SELF-TAUGHT AND PROFESSIONAL TRAINING

2008 – Present

08 — CONTACT

Let's talk?

Design and front-end craft where they genuinely make the difference: from the first screen to **deploy**. If you'd like to talk a project through, drop me a line.
